How can I be more involved in my child's education?

Silver Lake Regional High School is fortunate to have a very active Parent Teacher Organization.

P. T. O. meetings are held monthly in the school library and are open to all members of the Silver Lake community.

The P.T.O. Mission is to present educational programs to students and parents. These programs offer valuable information for informed decision making.

There are numerous opportunities for parental involvement in booster clubs, extra curricular activities, and school improvement council.

Please contact the school for pertinent information about these organizations.

The student handbook sets appropriate guidelines for student dress.
